FREEZER

TWO DOOR UNDERCOUNTER WORK TOP FREEZER

Solid door construction with foamed-in-place recessed handle.

Magnetic door gaskets are removable and replaceable without tools.

Interior cabinet is bright white ABS liner with full stainless steel floor with coved corners.

Exterior cabinet construction consists of full stainless steel front and sides.

Larger fan motors and blades for more efficient air flow ensuring faster recovery times.

Efficient condensate hot gas loop built into condensate pan for energy saving evaporation of excess condensate water.

Self contained capillary tube system using environmentally friendly R290 Hydrocarbon gas

All units come standard with heavy-duty worktop surface.

Two adjustable, heavy-duty epoxy coated wire shelves.

Vaulted self closing doors that remain open at 90 degrees. Easy to mount plate casters (two lockable) are standard with all units.

Electronic thermostat with external digital LED display for accurate control and easy reading.

▶ Tested to NSF Standard 7 requirements for open food storage.

▶ Standard with full two year parts and labor warranties and a five year compressor warranty.
