WEQ-TWIN35(6).2L

Height: 17.02" Width: 12.75" Depth: 6.00" (43.2cm) (32.4cm) (15.2cm)

- Designed for high volume applications using a unique blend of catalytic coconut shell carbon rated at 35,000 gallons each for a combined 70,000 total gallons, to reduce chlorine taste and odor for consistent, great tasting cold and hot beverages, hot water, and ice
- Protects downstream equipment with exceptional sediment holding capacity and reduces health contaminants such as cyst with 0.2 Microns mechanical filtration
- Save on maintenance and service costs with a scale control blend that's up to 8
 times more scale control capacity, specifically engineered to match the entire
 chlorine capacity life resulting in reduced scale build-up on evaporator plates and
 heating coils in both ice machines and coffee brewers
- Certified to NSF Standard 53 for Cyst and Standard 42 for Sediment, Chlorine Taste and Odor reduction
- Sanitary quick connect valve-in-head design simultaneously shuts off and vents water with ¼ turn, allowing for simple cartridge change-outs and maintenance times
- Unique modular filter head manifold design allows for simple installation, customization, and future system expansion
- · Auto-leveling technology ensures perfect installation every time
- High capacity, low pressure drop system configuration
- Industry's highest capacity single Chloramine cartridge rated up to 60,000 gallons available with or without scale control
- Includes twin filter head assembly with manifold bracket, 3/4" MNPT fittings, 1/4" quick-connect rinse valve and commercial 0-120 PSI back- mounted pressure gauge

NOTE: Do not use with water that is microbiologically unsafe or of unknown quality without adequate disinfection before or after the system.

Specifications

Product #: 56000.0022 Cartridge Type: Quick Change

Application(s): Tea, Ice, Coffee, Backroom Package/Combo System Replacement Cartridge: 56000.0126

Filtration Type: Sediment, Lime Inhibitor, Cyst Reduction, Chlorine Taste & Odor Filter Change Frequency: Annual

Capacity

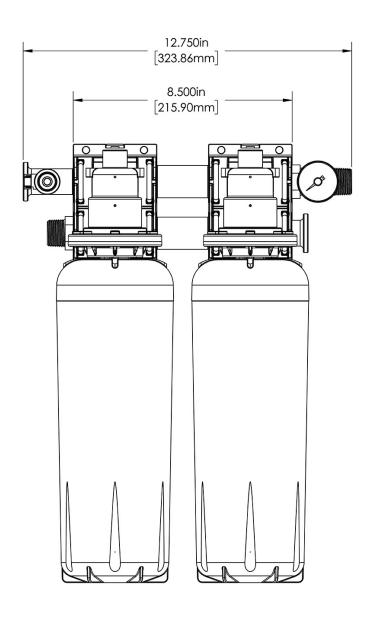

Micron Rating	Service Flow Rate	Water Filter Capacity Chlorine Reduction	Water Filter Capacity Chloramine Reduction	Water Filter Capacity Softening	
0.2 6.8 gal/min (25.7 L/min)		70000 gal. (264974.1 L)	-	-

WARRANTY: BUNN High Performance Water Filtration Solutions Systems by BUNN® (excluding water filters and water treatment replacement cartridges) are covered by a limited warranty against defects in material and workmanship for a period of five years after date of purchase, under normal use and service, and when installed in accordance with manufacturer's recommendations outlined in the filtration systems owner's manual. BUNN replaceable elements (water treatment cartridges, filter elements, and feeder elements) are covered by a limited warranty against defects in material and workmanship for a period of one year after date of purchase or the remainder of the original warranty, whichever is longer. See printed warranty for full details. BUNN will provide a copy of the warranty upon request.
