Additional Features:

- Tempered glass is stronger and more durable than regular glass.
- Oversized Gravity Coil Keeping Food Fresh
- Excellent Cooling Performance, Over-sized Condenser & Evaporator Coil and slow running fan motors keeping food fresh.
- Our defrost timer system keeps cooling systems separate from the evaporator. It doesn't ice up or inhibit the compressor, giving the unit outstanding performance and a longer life even in the most difficult environments.
- Self-contained system

*R for remote models - remote compressor sold separately
