FBSD72R	72X28X36	3	3	115	-	27	162

* S/C for self-contained models - no plumbing required

* R for remote models - remote compressor sold separately

Additional Features:

- Our defrost timer system keeps cooling systems separate from the evaporator. It doesn't ice up or inhibit the compressor, giving the unit outstanding performance and a longer life even in the most difficult environments.
- These models are designed to operate in an environment where temperature and humidity do not exceed 75°F and 65% relative humidity.
