ENMDL - 6	50" 55"	70"	35"	2	1/3**	115/1/60 - 5.4 amps	575 lbs.
ENMDL - 8	50" 55"	94"	35"	4	3/4**	115/1/60 - 7.0 amps	725 lbs.
ENMDL - 10	50" 55"	118"	35"	4	1**	115/1/60 - 6.5 amps	900 lbs.
ENMDL - 12	50" 55"	142"	35"	4	1**	115/1/60 - 7.6 amps	1000 lbs.

NOTE: Designed for use in locations with air conditioning where temperature and relative humidity do not exceed 75% F and 55% RH Due to continuing engineering improvements, specifications are subject to change without notice. Expansion valves Not included.

(**) This size condenser unit is RECOMMENDED for this model. Consult a competent refrigeration mechanic to determine the appropriate size for your specific application. The appropriate condenser size will vary depending on length of run, indoor/outdoor use, etc.

Only Marc offers these kind of features STANDARD!!!!

▶ Your Choice of Decor Matched Exteriors, FREE!!!

You can't name a color that is not available: brilliant blue, green marble, honey maple, black.... Marc offers hundreds of decor matching exterior panels at no extra cost! Call us with your choice. We'll match it from our enormous collection of finishes, FREE!!!

▶ Quality Construction Insures Dependable Service

Mirror finish, stainless steel trim beautifully accents the decor matched exterior panels. A bright white aluminum interior provides for maximum light reflection for the highest visibility. The stainless steel bottom pan, along with a heavy gauge steel frame, insures years of dependable, rust resistant service.

▶ High Visibility Merchandising Features

The triple pane, thermoglass front is perfectly angled for the least amount of glare for optimum display. Full length lighting offers exceptional merchandising opportunities. In addition to our broad, full deck, two mezzanine shelves are included to maximize the product display area. This shelf has built-in fluorescent for maximum product lighting.

▶ Rigid Insulation Seals in Cold Temperature

Rigid fiberglass insulation supplies excellent protection against ambient temperature incursion. It is further sealed to insure that there is no moisture infiltration.

▶ Electric Convenience Receptacle

Plug in appliance receptacle mounted on rear of case for 115/1/60.

▶ Optional Low Velocity Blower Meets NSF7 Standards

The heavy duty top gravity fin-coil refrigeration system insures uniform product cooling. The lower storage area has its own low velocity blower coil to ensure air performance between top and bottom compartments. (Option)

▶ Gravity Coil Refrigeration for Proven Performance

The heavy duty, gravity fin-coil refrigeration system insures uniform product cooling without the presence of a harsh blower that keeps the product from drying out. The lower storage area has its own gravity fin-coil. Each unit is proven reliable in all climates and is factory tested prior to shipping.
