

SINCCOM1

3.88" x 12.88" x 16.75" (H x W x D)

110V induction cooktop for portable commercial use

Highlights:

- Commercially listed to NSF standards
- Instantly heats to cook in half the time of standard gas and electric ranges
- Portable design for versatile use and easy storage

Product Features:

ADA compliant design	Upfront controls and easy-to-operate knobs offer easier accessibility
Commercially approved	ETL-S listed to NSF standards for commercial use
Ceran™ surface	Smooth surface made of durable and elegant black glass
Portable design	Freestanding unit can be used wherever extra cooking power is needed
7 power levels	Get precise and instant control of heating temperature with adjustable touch controls
Energy efficient	Approximately 84% of the heat created goes directly towards heating cookware contents
Cool surface	Since heat is created inside the cookware, most is confined to the pot and its contents, keeping the surface fairly cool to touch
Automatic pan recognition	Interior coil turns off after 30 seconds if there is no induction cookware on top
Timer	Program to keep track of cooking time
