LS60DS	60X30X78	2	4X2	115	3/4	430
LS72DS	72X30X78	2	4X3	115	3/4	610

Additional Features:

- Bottom Mount Compressor, All units have a bottom mount compressor for saving energy, great efficiency and easy service.
- Efficient Refrigeration System, Pull glass door coolers are designed with over-sized evaporators and condensers for faster cooling and better efficiency.
- These model are designed to operate in an enviroment where temperature and humidity do not exceed 75°F and 65% relative humidity.
- Excellent Cooling Performance, Over-sized Condenser & Evaporator Coil and slow running fan motors keeping food fresh.
- Our defrost timer system keeps cooling systems separate from the evaporator. It doesn't ice up or inhibit the compressor, giving the unit outstanding performance and a longer life even in the most difficult environments.
- Self-contained system, No plumbing required.
