FR129 R	129X32X75	5	4X5	115	-	126	980

Additional Features:

- Self evaporated water from evaporator (for self-contain models only)
- Our defrost timer system keeps cooling systems separate from the evaporator. It doesn't ice up or inhibit the compressor, giving the unit outstanding performance and a longer life even in the most difficult environments.
- These models are designed to operate in an environment where temperature and humidity do not exceed 75°F and 65% relative humidity.

*Remote unit price doesn't include any cooling system assembly parts (Evaporator only)
